### **Triumph and future: Apprentices of Braunform GmbH pass their exams**

Braunform is pleased about the successful training of a new generation of specialists. The management of Braunform GmbH congratulates the newly qualified specialists on their successfully passed exams. After passing the exams, the well-deserved certificates are handed over - a symbol for the beginning of a promising career.

The trainees Junes Schmidt, Leon Schieble and Lukas Rold have completed their training as tool mechanics early, in three years. Leon Schieble will begin a dual study program in mechanical engineering at the company, while Junes Schmidt will strengthen the team in the turning department. Lukas Rold leaves the company to take on new challenges in the business of his family.

In the plastics and rubber technology department, David Bühler and Gabriela Hundertpfund have successfully completed their retraining or second apprenticeship in just two years. David Bühler will apply his talents and skills at the company's Technology Center in Bahlingen. He has already successfully completed an apprenticeship as a tool mechanic at the company. Gabriela Hundertpfund worked as a production operator at the Endingen site for several years before deciding to pursue an apprenticeship. She will be responsible for the production of pharmaceutical primary packaging in our clean room in Endingen.

Sarah Striegel strengthens our sales team as an industrial clerk. Larissa Spasik, who successfully completed her training as a technical product designer, will be leaving the company.

All graduates have received an acknowledgement in the form of praise or awards from the vocational school, which underscores their outstanding achievements. Their achievements are proof of the quality of our training and the future viability of our company.

## Picture survey:

Oliver Bornhäuser (Commercial Head of HR and Finance), Joachim Stiller (General Manager), Urs Breitenbach (Head of Technical Training) and Simon Bürkin (process mechanic trainer) congratulate on the successful completion of the apprenticeship examination.

## Braunform at a glance

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Mrs. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (General Manager) and Mr. Joachim Stiller (General Manager). With 380 employees, the company is considered to be an important employer in the region in the southwest of Germany.
