

PRESS RELEASE

Wolfram Hodapp retires

After almost 9 years in the logistics department of Braunform GmbH, Wolfram Hodapp is going into well-deserved retirement.

Mr. Hodapp started as a warehouse logistics specialist at the site in Bahlingen and took on the position of team leader a few years later. His expertise and leadership skills have contributed significantly to efficiency and smooth processes in logistics.

During his time as team leader in Bahlingen, Mr. Hodapp provided important impulses for the optimization of logistics processes. After years of dedicated work, he finally moved to the logistics department at the production site in Eningen as team leader, where he also had a positive influence on the processes.

"Wolfram Hodapp has significantly shaped the logistics department with his expertise and commitment. We would like to thank him warmly for his valuable contributions, his absolute reliability and collegiality and wish him all the best for his retirement," said owner Pamela Braun and General Manager Emmanuel Foyer.

The colleagues at Braunform GmbH would also like to thank Wolfram for their time together and wish him all the best for this new chapter in his life.

Braunform at a glance

Braunform GmbH, founded in 1977 by Erich Braun in Bahlingen a. K., today is one of the world's leading partners in the field of plastic mold making. The long-term oriented family business has made it its goal to produce injection molds for whose end products - according to today's standards - plastic as a raw material is without alternative or more resource-saving than the possible alternative. The unique selling point of the mold-shop is the pharmaceutical production in own clean rooms according to GMP C and D. Today, Braunform GmbH is managed by Mrs. Pamela Braun (Managing Partner), Mr. Emmanuel Foyer (General Manager) and Mr. Joachim Stiller (General Manager). With 380 employees, the company is considered to be an important employer in the region in the southwest of Germany.

Mission Statement

Molding Your Visions: We mold the needs of our customers. We provide solutions to effectively produce our customers' products using clean, state-of-the-art technology with core competencies in mold making, injection molding and full service.
